Report Place

Is this your business?

You just 'checked in' at the hub. Now your friends can see where you are.

**Register for online courses**  
Degree courses too expensive? Take an online course instead. Get your e-learning skills up to scratch.  
*about 3 weeks ago*

Each of these sections represents one of the five technology trends for 2011. Cut them out along the dotted lines and as working through the presentation add them to your imagined profiles.

Use them to help you reflect on what these technology trends might mean for the young people you are working with.
